ENTERA USB SERIES

ENTERA HW111N-USB MONAURAL

- A Adjustable headband
- B Adjustable, soft ear cushions
- C Swiveling QuickAdjust™ boom

ENTERA HW121N-USB STEREO

Clarity, comfort, and durability 

Entera USB headsets are a simple-to-use, comfortable, and durable choice for PC-based, phone-intensive users in busy customer service environments, conference calls, Web-based training, and PC multimedia applications. Plus, they're priced right, easy to deploy, and offer a simple-to-upgrade solution that IT can rely on.

COMFORT & CONVENIENCE

- Adjustable boom angle and bendable boom facilitate correct microphone placement for optimal noise-canceling performance.

GREAT AUDIO

- Noise-canceling microphone filters out background sounds for heightened speech clarity.
- Wideband audio delivers richer, clearer conversations while SoundGuard technology protects from noise spikes and listening fatigue, helping to meet employee protection standards.

USER-FRIENDLY DESIGN

- Engineered for all-day comfort
- Simple USB connectivity
- Easy in-line controls for volume, mute, and call answer/end, enables representatives to bypass on-screen menus and control call functions at their fingertips, which means better focus on the caller.
